

INTERNATIONAL TENNIS PROGRAM

SPANISH TENNIS:

In the last 20 years, Spanish tennis has produced a World Number 1 every five years: *Arancha Sánchez Vicario* (1995), *Carlos Moya* (1999), *Juan Carlos Ferrero* (2003) and *Rafa Nadal* (2008). At present, Rafael Nadal, nº2 ATP, Olympic Gold medallist in Beijing, 6 time winner of the French Open, 2 time Wimbledon Champion, 1 Australian Open, 19 Masters 1000 and the first Spaniard to win the Grand Slam, helps confirm the unrivalled success of Spanish tennis on all surfaces over the last two decades.

At present, *Spain is the number one tennis power in the world* and has developed the most charismatic player at the moment in *Rafa Nadal*, with his fighting spirit, commitment, work ethic, sacrifice, dedication, humility, and talent: characteristics of success on which our country is based. *Spain has always produced many players in the Top-100 classification of the ATP and WTA rankings*, one of a very select few countries that have been able to maintain this level over many years.

The Spanish team has now won the Davis Cup 5 times (2000, 2004, 2008, 2009 and 2011) and the *Fed Cup 5 times* (1991, 1993, 1994, 1995 and 1998) and they have disputed many other finals. Spain has more than *1.000 tennis schools* distributed all over the country and *almost 100 competition tennis teams*, plus we have *a great structure of professional tournaments* with 53 ATP and 33 WTA tournaments with different levels of prize money from \$10.000 to the ATP/WTA tournaments in Barcelona, Marbella, Madrid and Valencia. In addition, Spain has hundreds of national tournaments in different categories. *To achieve these results, the training and development of tennis coaches has been crucial, and this tennis revolution has been possible thanks to the leadership of the Registro Profesional de Tenis : RPT*

RPT: REGISTRO PROFESIONAL DE TENIS:

In 1989, *Luis Mediero*, one of the leading figures in Spanish tennis, *founded the RPT* with the main drive of offering different *programmes of training, international certifications and membership services* to professional coaches, tennis clubs and centres of education, as well as *promoting the sport* on all the levels.

Since its creation, the *RPT* has certified more than 4.500 professional coaches throughout Spain, working with the majority of tennis schools and academies in the country. In the *23 years of the RPT*, it has delivered more than 1.000 training courses, 50 national conferences, 15 educational tours and 25 international symposiums, as well as running over 200 promotional activities and conducting more than 500 clinics involving more than 500.000 players, giving *the opportunity to all professional coaches in Spain to have access to and be involved* in our systems, methods of training and education, technology and innovations in the tennis industry.

This culture and philosophy have placed the RPT as a leader in coach training and education, which today has more than 17.500 certified coaches in 121 countries.
